

# Heathpatch Group vacancy

## Health & Safety Manager

Based in Mildenhall, Suffolk

### Job Summary

A vacancy has arisen within the Heathpatch Group for a Health & Safety Manager to provide health and safety guidance and advice to the Heathpatch Group Companies across the UK which include a composting and anaerobic digestion business, a machinery distributor and engineering service company, an electronics and moulding business and a farm operation. The Safety Manager will be responsible for ensuring that the Group complies with health and safety laws and that we provide a safe system of work.

The Health and Safety Manager will also be responsible for acting as Health and Safety Officer at CamdenBoss (one of the group companies) and will be responsible for the day to day health and safety at that Company.

As a safety manager you must be able to identify hazards and opportunities for improving conditions and execute various safety programs and provide guidance on health and safety legislation. The ability to communicate guidelines to a multidisciplinary workforce is essential.

The role will include the following:

- Drafting and implementing health and safety systems as needed
- Review of the existing health and safety plans/RAMS in place and to develop these to ensure compliance with legal guidelines
- Improve the culture of health and safety within the businesses
- Carry out health and safety inspections and audits
- Recommend control measures and advise on the standard of P.P.E. issued to employees
- Conduct and organise training and presentations for health and safety matters and accident prevention
- Monitor compliance to policies and laws by inspecting employees and operations
- Inspect equipment, machinery and operating practises to observe possible unsafe conditions
- Board and management meeting reports on health and safety issues and statistics
- Incident/accident investigation/Near miss reporting

### Requirements

- Proven experience as safety manager
- Excellent understanding of legal health and safety guidelines
- Ability to produce reports and developing relevant policies
- Good knowledge of data analysis and risk assessment
- Excellent organisational and motivational skills
- Exceptional communication and interpersonal abilities
- BSc/BA in safety management or relevant field is preferred
- Valid qualification in occupational health and safety (such as NEBOSH or CMIOSH)
- Ability to travel across the country to our various businesses for H&S purposes

Heathpatch Limited is an equal opportunity employer. In submitting your CV to us you are consenting to us holding your personal data for the purposes of your application for a period of 6 months. Your data will be held in accordance with our Privacy Policy which is available on request and you can withdraw your consent to us holding your data or request return of your data at any time.

Salary £38 - £45k depending on experience
