

REACH Statement

Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

As part of CamdenBoss's commitment to compliance, we have undertaken a process to identify if any substances of very high concern (SVHCs), meeting the criteria set out in Article 57 of REACH and included on the REACH "Candidate List" are present in CamdenBoss products.

We have communicated with our upstream suppliers and we confirm that, to the best of our knowledge, the products we supply do not contain any SVHCs included on the Candidate List in concentrations above 0.1 % with the exception of items listed in the below table:

Product Range	Substance	CAS#
CTB (Terminal Blocks)	Lead	7439-92-1
CTBP (Terminal Blocks)	Lead	7439-92-1
CFB (Fuses)	Lead	7439-92-1
CF (Fuses)	Lead	7439-92-1

Please note that articles that contain greater than 0.1% lead concentration are RoHS 3 compliant using exemptions 6a, 6b & 6c.

Should you require further information concerning CamdenBoss's implementation of REACH, please do not hesitate to contact us.
