CUSTOM MOULDING

ENCLOSURE DESIGN SPECIALISTS
DESIGNED & MANUFACTURED IN THE UK

STEP 1 START YOUR JOURNEY

- ◆ Define your concept and let our expert design engineers take over
- ◆ Send your own design to receive a quote for tooling and manufacture

STEP 2 REFINE YOUR DESIGN

- ◆ Our experienced design engineers review and optimise your design
- ◆ We generate a detailed 3D prototype of your enclosure or part
- ◆ Your prototype is handed over to you for final approval

STEP 3 VOLUME MANUFACTURE

- ◆ We proceed with the development of your mould tool
- ◆ Volume manufacture starts with our in-house machines
- ◆ Scaled up to your required quantity
