Hex-Box Pi 3 Ready Enclosure

Product overview

This UK manufactured Hex-Box Pi 3 Ready Enclosure has been designed with customisation and user flexibility at heart. The 100% recyclable housing features seven self-retaining panels, two of which have been customised to accommodate Raspberry Pi boards. The power cable panel and the remaining panels can be placed in your desired position. The design features and modern aesthetic create the perfect enclosure for Pi projects (when paired with the wall mount bracket) or desktops (when paired with the rubber feet), each sold separately. Raspberry Pi board not included.

Key features

PCB mounting in the top and base
Six bosses in the top, four in the base with Raspberry Pi mountable footprint

Number index in base
Aids wall mounting

Self-retaining removable end panels
Two pre-customised panels to allow for Raspberry Pi connections to be made. One spare panel to replace the power cable panel if using PoE.
Smooth bevelled lid with flat top
Suitable for a 2.5" screen and perfect for digital printing
